

# INSTANT POT BOILED EGGS

SERVINGS: 6

*directions*

1. Place the trivet or egg holder in the bottom of your Instant Pot.
2. Add water to cover just the bottom of your instant pot.
3. Pressure cook for 5 minutes.
4. When the Instant Pot is building pressure and cooking, fill a bowl with water and ice.
5. When the Instant Pot timer goes off, let the pressure release naturally for 5 minutes then release the pressure manually.
6. Carefully place the eggs in the ice bath and let them sit for 5 minutes.
7. Peel and eat or store in your fridge!
